

## Pre and Post Operative Care

**200 - 300**

Enzyme Treatments and DMK products improve the function of the skin prior to surgery which will enhance surgical results and aids in a reduction of swelling and bruising for faster healing post-operatively.

We recommend at least two Enzyme Treatments 2 - 3 weeks prior to surgery and two post-surgery.

**800**

Pre and Post Operative treatment package including electromagnetic therapy, low level laser and four Enzyme Treatments.

## Pre and Post Injectable Care

**175 - 200**

The addition of Enzyme Therapy performed along with injectables will aid in the procedure lasting longer and providing more natural results.

## Electromagnetic Therapy

**35**

A therapy designed to repolarise the cells of the body for repair, circulation and anti aging of the body and the mind.

## Low Level Laser

**35**

A therapy which targets immune cells for fast healing and cellular regeneration.

# skin for life

beauty and skin revision clinic

**Complimentary skin consultations  
Available upon appointment  
Open Tuesday to Saturday  
9 'TIL LATE BY APPOINTMENT**

Skin for Life offers exceptional standards and personalised services, using techniques and methods to provide you with the most effective skin care system available.

Skin for Life skin treatments are designed to care for and improve all skin conditions, regardless of skin colour, age or internal and external influences.

As advanced paramedical skin technicians, we will design a treatment or program catering to your specific needs.

**We will get to the root cause of your skin condition and offer suitable solutions ranging from products, treatments, supplement, dietary advice and emotional healing.**
